

**Observation no: 180 – 181 War over the Aouzou Strip**

**Country-year: Chad 1985**

MISSING DATA FOR ALL QUESTIONS

Unlike the other countries in this dataset, which feature stable national governments, Chad was undergoing a civil war in 1985 during the entirety of the War over the Aouzou Strip. According to a foremost expert on the conflict, it “stretched across three 'national' leaders — each organizing and leading a different faction with a different 'national army team.’”<sup>1</sup> As a result, there is no institution to code as the national army and thus our unfortunate inability to complete this coding.<sup>2</sup>
